		<b>TASK 3</b>
0:58	Easily found the points. The placeholder "STATS" threw them off and pointed at the code window. Once being told that that was incorrect they correctly stated it was in the STATS window.	Can you show me how many points you have? Where can you find information about your space ship?
		<b>TASK 4</b>
1:18	"It's a new part for the ship" – in response to question. Clicks the plugin button, then the more info button to get more information about the new block. Clicks continue once it opens. (3 interactions)	Ok, the round has just ended and this window pops up. What do you think it is? Sort of, it's a new code block which will allow you to make your spaceship better by giving you more code to work with. Can you please get some more information about it and then continue?
